FRANK GOING ON WITH FAIR PLANS

Horsemen Already Apply For Quarters for Next Year's Races.

Anyone who thinks that because the Interstate fair closed Saturday mid-night activities in the enterprise are also ended should have a short chat with Pres't Abe Frank or any of the other fair officials. In addition to the mountain of work in connection with the fair just past which faces the officials, plans for immediate improvements and changes at Springbrook park are being made with every hour. These plans include some that will be put into effect during the days preceding the next snow fall and the others will be developed during the winter and worked upon when spring comes. The officials by means of the experience gained during the past week see numerous opportunities for improvements and these suggestions will be acted upon promptly with the ambition of making the second Interstate fair an unequalled affair.

Horsemen Want Quarters.
It was stated by Pres't Frank last night that many applications are being received from horsemen who are anxious to stable their horses at the Springbrook stables this fall and winter and train them there for next season. In order to give the horsemen the best possible track advantages work upon the course will be continued as long as the weather permits or until it is believed to be in perfect shape. The home stretch will probably be elevated slightly to permit better drainage and different soil will be put on.

These with other changes are expected to make the track one of the best in the country and a better drainage system will make it possible for it to dry within two hours after such storms as were experienced here last week. A force of men will be retained to continue the work on the track.

Plan Fifteen Cent Bleachers.
Fifteen cent bleachers stands are also being contemplated. It is hardly possible that these will be erected before next spring but plans for their construction will be made this winter, according to Pres't Frank. The stands will probably be erected just east of the present stadium which will necessitate the moving of the old base ball stand.

Many other ideas were conceived during the past week by the officials and the different projects and plans will be discussed and threshed out at a meeting of the association which will be held in the near future, following the settlement of the affairs in connection with the past fair.

Jitney Bus Driver Sleeps; Nose Smashed

It is great to take a nap in the early morning hours in an automobile, but Vere Moon, a jitney bus driver, has probably resolved to stay awake while driving around town even though it is nearing the break of day. While returning from a trip with a passenger Saturday evening Moon fell into a quiet slumber while driving down Lafayette st., between W. Wayne and W. Division sts. He was not aroused until his car smashed into the electric machine of D. M. Shively which was standing along the curb. Both machines were slightly damaged while Moon received a broken nose.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Doughton St., Nicetown, Pa.

Another Woman's Case.
Providence, R.I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R.I.

Danger Signals to Women
are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

AUTO AND STREET CAR COLLISION

Mrs. John Melber Has Narrow Escape While Delivering Meat.

Mrs. John Melber, 307 N. Emerick st., who was injured in an accident which occurred at the corner of Portage av. and Leland av. Saturday afternoon, was reported Monday to be greatly improved. It is believed that the only results of the accident are a severe shaking up, and that she will fully recover today.

Mrs. Melber and a delivery boy were riding in an automobile on Portage av. delivering meat from the Melber market, the regular delivery wagon being out of service. They were going northwest, and were forced to turn out into the middle of the street to avoid a collision with an automobile coming down Leland av.

A Portage av. car, coming in the opposite direction, collided with the machine, smashing up the automobile and throwing Mrs. Melber to the floor of the car. It is said that the running board on the street car was down on the left side, and that it was this that inflicted the damage to the machine. Witnesses to the accident say that the speed of the street car greatly exceeded the speed of the automobile, which had slowed up to let the delivery boy get off to take some meat to a house.

Boy Hurt.
Clarence O'Dell, 15 years old, living at 738 Cushing st., was struck by an automobile driven by Louis Beeson of Niles while riding a bicycle at the corner of Leland av. and Riverside dr. Sunday afternoon. The lad received several slight injuries, the car having run over both his legs, and was taken to his home by Frank Hatch. A physician was called to attend his injuries.

An automobile party from Buchanan, Mich., had a narrow escape about 10 o'clock Sunday evening when their car went over an embankment on Portage av. None of the four occupants were injured, although the machine was badly smashed up. The party returned to Buchanan last night.

SUNDAY SCHOOLS IN JOINT CONVENTION

The work of the Sunday schools of the churches and the work that they should be doing was fully discussed Sunday afternoon at the joint Sunday school convention of the Ullery district held at the Ullery church, three miles north of the city.

The meeting was conducted by R. O. Roese and short talks on the various phases of Sunday school work were made by various workers present. Elder T. E. George delivered an address on "The Real Mission of the Sunday School," in which he said the purpose of the Sunday school is to prepare the children for the church, that they may be acquainted with the bible and its stories before they enter the church.

"The Church Member's Relation to the Sunday School" was the topic discussed by Horace Longley in which he said it is the duty of every enthusiastic member of the church to see that all children of the district become connected with the Sunday school, and if anyone fails in this part of his or her work one of the greatest duties of the church member is neglected.

BISHOP LILLIS GIVES OPENING N. D. SERMON

Right Rev. Thomas F. Lillis, D. D., bishop of the Kansas City, Mo., delivered the opening sermon Sunday morning at the University of Notre Dame. He addressed the students upon the importance of Catholic education and their privilege of participating in it. Bishop Lillis concluded his sermon with an expression of his deep gratification at the splendid efforts of the faculty of the university. He asked the blessing of God upon the reverend president, his efficient corps of professors, the students and their parents, and all who are interested in the work of the university.

The bishop also pontificated at the solemn mass, which is the customary formal opening of the school year. He was assisted by Dr. Walsh, vice president of the university, as honorary celebrant, and by Dr. Schumacher, master of studies, as deacon, and Fr. Davis as sub-deacon. The bishop also assisted at the pontifical throne. Fr. William O'Connor was master of ceremonies. The faculty attended the services in a body, wearing their caps and gowns. Sacred Heart chapel was filled to overflowing with students and friends of the university. The annual opening sermon by Pres't Cavanaugh of the university will be delivered next Sunday morning at 8 o'clock.

B. Y. T. U. MEETS TONIGHT.
A business and social meeting will be held tonight by the B. Y. T. U. of the First Baptist church in the church parlors when election of officers to serve for the ensuing year will take place. Other routine business will follow and a social will complete the evening's program.

"THE TWO ORPHANS."
The Lasalle theater will show the latest William Fox production, "The Two Orphans," on Wednesday. Prominently featured in the cast are Theda Bara, William E. Shayer and Jean Seberg. Miss Bara, known throughout the civilized world as the famous beauty of "A Fool There Was" has been specially engaged for this picture.

SPECIAL FEATURE WEDNESDAY.
"The Two Orphans" with Theda Bara the vampire woman, famous for her beautiful wicked face who scored a great hit in "A Fool There Was" will be the feature attraction at the Lasalle Wednesday.

VISITS PARENTS.
Francis Amick, 648 Linn av., Portland, Ore., is visiting at the home of his parents, Mr. and Mrs. Fred Amick, 707 Harrison av. He expects to be in the city about two weeks.

TAKEN HOME.
L. W. Hammond, 1080 Woodard av., was taken to his home from St. Joseph's hospital after a week of illness.

WITH LOCAL PASTORS SUNDAY

GOD'S STREAMS ARE UNFAILING

Life Planted Near Rivers of Creator Always Sure of Spiritual Nourishment.

"The most effective way of stating spiritual truth is in terms of material imagery. And among those images used to represent spiritual truths few are happier than that of streams of rivers and streams," said Rev. George William Allison, pastor of Hope Presbyterian church Sunday evening in his sermon on the subject "The Gladdening Streams of God."

"Old favorites of the Bible had visions of streams of influence proceeding out of the temple and flowing down through Jerusalem and on into the Dead Sea, bringing cleansing and life. The river of life is compared to the river of the water of life in Revelation, 22:1. Water has not only cleansing power, but is absolutely essential to the sustenance of life. And the man who is going to have faith must of necessity be 'planted by the rivers of water.' He must be rooted in the current of God's holy influences, for only thus can he sustain his leaf and fruit and prevent his withering away."

"And wherever there are barren wastes of sin and unrighteousness, the rivers of God's influences must be directed. Isaiah has this saying: 'God will come and save; and in the wilderness shall the waters break forth, and streams in the midst of the desert.' Let no man feel that he is isolated from God's cleansing power, and his power to 'make alive.' And as Hercules performed the great labor of cleansing the Augean stables by directing the waters of two rivers through them, so Ezekiel has the vision of Jerusalem, Judea, and even the Dead Sea cleansed and sweetened by means of the gladdening rivers of God."

There is no more certain way of losing one's soul than of shutting oneself away from these streams of God. Archaeologists have unearthed records to show how an ancient city heavily fortified by enormous walls laughingly defied all enemies by simply closing the gates. However one enemy forced the city to capitulate by digging a canal to divert the river which supplied the city with water. The evil has no more effective way of damping men's souls than by diverting them from the streams of grace, —first by lily in church attendance, scripture reading, and prayer. Then finally open indifference. Watch therefore that there flows through your life these gladdening streams of God.

"One of the most striking pictures I have recently seen represents a man on the western desert famishing for water struggling with a companion who tries to prevent his getting to a poisoned pool to slake his parched lips and throat. It has all the elements of tragedy. So be certain that the waters of which you drink are the living streams of God, and not the poisoned pools of some fatal heresy."

"God's streams are unfailing. Ecclesiastes says, 'All the rivers run into the sea, yet the sea is not full; unto the place whence the rivers come thither they return again;' to continue or repeat the same action. And when planting your life beside the rivers of God, you are certain of spiritual nourishment forever. It was Jesus who said, 'He that believeth on me, from within him shall flow rivers of living water.' The life of faith is the beginning of blessings to others as well. It is the river of God's holy influences flowing down in streams and brooks and rills that makes every street in the city of God glad with the laughter and song of redeemed souls. May your life be nourished thereby."

SAYS CHURCHES NEED REVIVALS

Rev. Freshley Declares Solution of All Their Problems Lies in Real Awakening.

"Nothing will solve church problems quicker and more satisfactory than a genuine revival," declared Rev. W. H. Freshley, Sunday morning at the First Evangelical church. "When the church is in the glowing white heat of a holy spirit led revival, these problems will vanish like wax before a fire. Here are some signs that indicate to us that a church needs a revival of true religion; a church grown cold having form but many churches are cold, mechanical and professional; the bible, prayer and family altar neglected; a loss of regard for the Lord's day and the Lord's house; lack of passion for the unsaved; houses of worship half filled; church suppers more popular than a spiritual service and the absence of conversions."

Revival Crying Need.
"How much reason, reason or travel is there in our pulpits, our choirs, our pews, or in any department of the church. A true revival of genuine religion is the crying need of many churches. The most gifted men and women have taxed their hearts, brains, tongues and pens to give suggestions how to solve these problems but have failed. The rich and poor have no maker, one heaven to win or one hell to shun. How can we make them feel and realize that they are brethren? What will make the laborer and employer look at each other as brothers? What will help men to realize that the color of skin, place of birth, the size of bank accounts, the kind of house we live in does not make manhood? The kind of life we live is what counts."

"There are people in the church in every stage of coldness towards each other from the torrid zone to the frigid zone. What will help them solve these difficulties? The love of the Master in their hearts. No man can be a true honest disciple of Christ and carry a grudge in his heart against anyone. 'The church ought not have the financial problem and would not if

PARSON SHOWS POWER OF CROSS

Pastor Asserts Christ and the Cross Are Inseparable.

ILLUSTRATES SERMON WITH GENUINE BREAD

South Bend Bread Co. Distributes Over 100 Loaves at Trinity Presbyterian Church.

Bread, the staff of life, was not only preached on but was actually present at the Sunday morning service held at the Trinity Presbyterian church. More than 100 loaves of bread were distributed by the South Bend Bread Co. and each person present was given a loaf to help remember the truth that they could not live without the bread of life. Christ is any more than they could live without any other kind of bread.

Rev. John S. Burns, pastor of the church, spoke on the subject "The Bread of Life." He stated that it is just as impossible to live without food for the body as it is for the soul to live without spiritual food. "Some folks think they can really live without attending church, reading the bible or offering prayer, or doing works of mercy and helpfulness," said the minister.

In speaking further he said: "They think their souls can live from the food given them at the movies on Sunday or the lakes, or the ball fields, or the Sunday newspaper with its funny page. Not so, for Christ is the bread of life—the food of the soul and apart from Him we have no life worth living."

MISSIONARY FROM MEXICO SPEAKS

Rev. George H. Brewer, Baptist missionary to Mexico, formerly of this city, delivered a sermon at the First Baptist church Sunday evening in which he related the circumstances of Mexico at present. Rev. Brewer was the first member to be baptized into the First Baptist church of this city, it being in the year 1857.

"The reasons that this country should be interested in Mexico today while the country is at war with itself is that we as a Christian nation are trying to spread the gospel throughout the world, and Mexico is no exception. Also Mexico is one of our next door neighbors, only being across the border and if we want good neighbors we have here one of the best cases to work upon that has ever existed."

"America needs to show Mexico that she is not trying to annex that country to our territory as a greedy nation would, but that she is endeavoring to help her because we are a Christian nation and the policy of a Christian nation is to help other nations become Christianized. The generation living at present in that war stricken country still feels the war of 1848, when the United States annexed a big piece of territory, and it is very hard for missionaries or any other power to convince them that it is for their good that the United States stands."

"The land question is the problem that is at present causing the many revolts in Mexico. Statistics show that there are 16 million people living in that country at present. There are 500,000 square miles of land and it is all owned by 8,000 people. These land owners are men that have the government in their hands and make the laws. They have a law existing in this country which says that no man can leave a state unless he is out of debt with his landowner and as they are only paid a miserly sum, the owner manages to keep the poor people in debt to him enough to keep them in that state and in this way the poor class can rightly be termed slaves."

MUST SEPARATE SINNER FROM HABITS

"Separation of the Wicked From the Righteous," was the topic of a sermon delivered by Rev. C. E. Winegar at the Salvation Army tent on N. Michigan st. last night to a large audience.

"There is but one way to separate the ways of these two great classes of people and that means is to drive out the sin that offers bait to the sinner. Where there is sin there must necessarily be sinners and where there is righteousness there must be righteous people. It must not be the people of the two classes who are separated but the habits of the sinner must be separated from the sinner and he will become righteous."
